**DELIVER  
FASTER**

**Prepare ahead of busy periods** - Prepare any proteins, curries, rice, mash potatoes and roasted vegetables, and stored hot inside the holding cabinet. Food stays hot and fresh for hours to reduce the waiting times for your hungry customers at the point of ordering through meal delivery mobile apps.

**Keeping on top of the orders** - the Turbofan hot holding cabinet can help you manage your delivery menu by maintaining food in safe serving temperatures for longer. Food quality and taste remain the same as if it is cooked on the spot.

**Turbofan Hot Holding Cabinets are available in 2 sizes: 8 and 10 tray capacities and fitted with 10A plug-in connection for easy installation.**
